Walkwire Lobby PC

Give guests a 24/7 fully automated Lobby PC service

Provide a vital guest amenity at your hotel

HIGH SPEED LOBBY PCs

Not all guests travel with a laptop. Give your guests fast PC access to the web when they are away from home or the office. A great way to extend your in-room HSIA strategy.

PRODUCTIVITY TOOLS

We provide all the business tools your guests will need to get the job done including Internet Explorer, Word, Excel, PowerPoint and Adobe Acrobat.

PRINTING AND OTHER SERVICES

We can provide color or black and white printers along with laptop ports and USB hubs.

- Automated Lobby PCs are essential for those guests who do not travel with a laptop
- Increase occupancy, guest satisfaction and create loyalty
- Let guests print boarding passes easily from your Lobby PC
- Earn a commission on all Lobby PC transactions

Walkwire is a leading provider of automated Lobby PC services to the hospitality industry. Our fully managed, turnkey service helps hotel partners provide a valuable guest amenity, increase occupancy and guest satisfaction. Many travelers leave their laptops at home or in the office so they need to access a PC at their hotel to access the Internet or work on a document.

The Walkwire Lobby PC allows guests to access the Internet, use Microsoft Office applications or print a presentation without the hassle of purchasing, installing and maintaining the service yourself. Our customized approach lets you choose the precise equipment for your hotel — to meet the needs of your guests and to satisfy hotel brand standards.

Walkwire provides the equipment, furniture, installation and on-going maintenance so you can stay focused on your core business

To learn more about getting a Lobby PC at your property, please contact the Sales Department at 415-558-8845 for a customized proposal.

Features and Benefits

The Walkwire Lobby PC is easy to use and priced to also appeal to the leisure traveler segment. Its small footprint makes it ideal for most hotel locations whether you have a dedicated space for a business center or not. Our innovative pricing provides your hotel a differentiated Lobby PC service that focuses on high usage, rather than high prices to your guests.

Walkwire's Business PCs are monitored remotely 24/7. Our proprietary Alchemy platform provides technical information on each PC, as well as pattern recognition that can provide detailed analysis of revenue, usage and uptime. Our Network Operations Center updates security patches, virus and malware definitions, and tests Internet PCs regularly to ensure maximum uptime.

We provide full payment authentication and payment processing services, including Prepaid Access cards, credit card processing and administration. We can accept American Express, VISA, MasterCard, and Discover cards.

For locations where you require faxing and photocopying services, you may consider Walkwire's automated Business Center service. Please contact us for more details at 415-558-8845.

CUSTOMIZE YOUR LOBBY PCs

Let Walkwire design the perfect Lobby PC service for your hotel including professional furniture, the latest PC technology and unsurpassed maintenance and service

PAYMENT OPTIONS

Allow guests to pay for Lobby PC services with any major credit card, or reusable Prepaid Access cards

SESSION REFRESH

Any files that have been downloaded or saved to the hard drive of our PCs can automatically be deleted after each session to protect your guest's privacy and to keep the PCs clean and healthy

ONLINE REPORTING

Access our online extranet to check on how much revenue your Lobby PCs generate

REMOTE PRINTING

Allow guests who are connected to an in-room HSIA connection to print to a central printer
